Dear Madam or Sir:

**PETITION TO REVIVE APPLICATION FOR PATENT ABANDONED
UNINTENTIONALLY UNDER 37 C.F.R. § 1.137(b)**

The above-referenced application has apparently become abandoned for failure to notify the United States Patent and Trademark Office (USPTO) of a filing, in a foreign country or under a multi-lateral international agreement that requires 18-month publication, of an application directed to the invention disclosed in the above-referenced application (hereinafter "foreign filing") not later than 45 days after the date of the foreign filing, as set forth in 35 U.S.C. §

OFFICE OF PETITIONS

122(b)(2)(B)(iii). At least, this is Applicant's current representative's understanding as set forth below. Applicant thus petitions to revive the above-referenced patent application on the grounds that the newly recognized failure to provide notice of foreign filing to the USPTO was completely unintentional on the part of the Applicant. Applicant submits that no terminal disclaimer is necessary because the above-referenced patent application was filed after June 8, 1995.

The above-referenced patent application was filed by Applicant's former representative on June 5, 2001, along with a non-publication request (hereinafter "non-publication request"). Subsequent to filing of the above-referenced patent application, the undersigned was retained to handle prosecution of the above-referenced patent application. On November 5, 2001, the undersigned filed a request to rescind the non-publication request (hereinafter "request to rescind"). See Exhibit A. On May 22, 2002, Applicant made a foreign filing. On December 5, 2002, the above-referenced patent application was published as U.S. Patent Publication No. 20020183021A1.

Applicant's failure to provide notice of foreign filing was unintentional. On or about April 17, 2003, the undersigned reviewed a Reminder that Recission of a Non-Publication Request is Not Itself a Notice of Foreign Filing, as published on the USPTO website. Thereafter, the undersigned reviewed Applicant's file for the above-referenced patent application and determined that the request to rescind filed on November 5, 2001 did not include a notice of foreign filing. Upon further review of Applicant's file, it was determined that no notice of foreign filing was provided to the USPTO within 45 days of May 22, 2002.

Applicant respectfully submits that the entire delay in providing notice of foreign filing from the due date for the notice until the filing of a grantable petition pursuant to 37 C.F.R. §

1.137(b) was unintentional. Applicant is also providing under separate cover a notice of foreign filing to the USPTO. See Exhibit B. Applicant authorizes deduction from Deposit Account No. 10-0447 of any fees necessary in connection with this Petition To Revive under 35 C.F.R § 1.137(b).

As established by the foregoing, the above-referenced patent application was not intended to be abandoned. Applicant respectfully requests that the above-referenced patent application be revived.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Ross T. Robinson", with a long horizontal flourish extending to the right.
